THE RAPTURE

1 Thessalonians 4:16-17

Note... Today we look at the rapture in relation to end time events in the Bible. Today we will answer questions related to who will be going in the rapture, what is going to happen, how do events move toward the rapture, and the different views of when will the rapture take place. Remember that the focus of our study on prophecy is to be ready and share your faith with others.
